## Next Meeting - Venue Change: Lucas Residence 66 Baynes Street.

To open this Pizza / fellowship evening VP Graeme extended a warm welcome to Rotarians Russell Anderson, Joe Flynn, Ray Lewis, Noel Schier and Noel Lucas, Visitors Stewart & Pam McDonald, Rotary partners Robyn Lucas and Jeanette Nelson and guest Peter Britten from Countrywide Constructions.

We missed the company of Sec Bryan.

Grace was said by Russell Anderson and the Toast proposed by Noel Lucas.

From the email journals received **Pres. Heather** is certainly having an Eyes Wide Open experience in Cambodia with the 4 students from Rochester Secondary College. The group has visited schools and villages to distribute gifts, taken part in a cooking course and visited many places of interest. Although sunrise at Angkor Wat was a little disappointing due to cloudy conditions, the 4.00am start was worth the effort and Heather will have many photos to share on her return.

### New Generations:

The Secondary College has recommended that Hayden Sutton be the nominee to attend the "Youth in Sailing" program. PP Russell has made initial contact with Hayden and is now awaiting the return of the nomination forms.

### Court House:

Peter Britten from Countrywide Constructions was pleased to inform members that the underpinning work to the structure has now been completed.

Site tidy up work continues in preparation for specialist contractors to commence work on the internal floor and slate roof restoration.

Peter thanked the Club for the opportunity to work on the project and presented a cheque to PP/Treas. Russell.

Russell thanked Peter for the professionalism with which he and his team have carried out their task.

### RYLA: Report missed from meeting 28 November.

The two girls, Megan & Emma were very excited and thrilled to have been given the opportunity by Rotary to attend the event at Lancefield and they said that they were surprised that many of the city children could not understand why they, our girls, were so involved in sport. Both girls felt that most of the group were school orientated with their studies and extra courses so they could achieve high results. Many were from other countries and this was an eye opener for them. They were put into groups and had
